Path Lab/Hospital

[£] Approval has been granted by the New Jersey State Department of Health to perform the SARS-CoV-2 (COVID-19) by Real-Time Reverse Transcription PCR (CDC N1, N2, RP Targets) in accordance with Food and Drug Administration (FDA) emergency use authorization (EUA) policy. This test has not been FDA cleared or approved. This test has been submitted for authorization by the FDA under an EUA for use by authorized laboratories.

^{**} This test can only be performed when the test in parenthesis is positive. All tests performed will be billed.

OneSwab[®] and *NasoSwab*[®] are registered in the USPTO.

Physicians must only order tests that they have determined are medically necessary for the diagnosis and treatment of a patient. MDL offers individual tests, as well as a limited number of customized panels. If you choose to order a panel, please make certain that each and every test is medically necessary. If you check off a panel as your choice, MDL understands that the physician has determined that all of the component tests are medically necessary, and will perform, report and bill for all such component tests.
